

Turn Me On  
The Fray

There s a sentence on my father  
On my sister, and on my brother  
There s a terror in the corner  
That will make your blood run cold  
And it goes back to my blood line  
When we tried to walk away  
But I want you as my lover  
You are where I want to stay  
And I don t know what it is, what it is, what it is about you  
What it is, what it is but ohhh  
The way you movin ohh  
You turn me on, I wanna touch you till we re burning  
Ohhhh you turn me on  
See you rising and you re falling  
And I try to look away  
But I m frozen in the darkness You re a Berlin cabaret  
And I don t know what it is, what it is, what it is about you  
What it is, what it is but ohhh  
The way you movin ohh  
You turn me on, I wanna touch you till we re burning  
Ohhhh you turn me on, come & turn me on
