

**Thats What She Said**  
**The Friday Night Boys**

CAPO 1. so therefore, all chords are according to the capo. i love this song.  
If you want to play power chords, just move all the chords up a fret. so f  
becomes f sharp. la laa la. here goes.

**C**  
In her room the lights go out

I wonder if she'll just let this go now  
**G** **F**  
Just lock the door, and fall back down

**C**  
Her body shakes so nervously  
**G** **F**  
Take my hand and lets just leave this party

**C** **F** **G**  
I see her eyes all over me tonight

**F** **Am** **G**  
I'll walk you home, what would it take to let you go

**F** **Am** **G**  
In your eyes, just give me a sign

**F** **C**  
She's so scene, Hollywood dreams

**G** **Am**  
Broken because she's no good at anything

**F** **C** **G**  
Run around, and around make up your mind

**Am** **G** **F**  
I bet you strike out with her tonight

**C**  
She'll look at you and swear she's true

**G** **F**  
What will moving to California do

**C** **G** **F**  
I know for sure she's lost her way

**C**  
You'll be wrapped around her finger too

**G** **F**  
She's a little too much and a little too good for you

**C** **Am** **G**  
Hang on to every word she says, but never again

**F** **Am**  
I'll walk you home, what would it take to let you go
