So don t come back **Am**

one last look into your eyes **C G**

One last kiss just like the movies **Am F**
Didn t you think we d fall all over again **C G**
Wait until next summer to get by without **Am F C G**
I guess you ll figure it out **G**

Whoa just take it back baby, take it back, back baby tonight **Am F C G**
Whoa you got to turn around, turn around, walk right out the door **Am F C G**

You don t realize
You can t wait for me
I don t want to see you down on your knees
Just wait another second
I know it s alright
I guess you re gonna get away this time
