

Alone
The Frights

[Verse]

Bm **Am7** **G**
Boy did I screw up again
Bm **Am7** **G**
Talk about losing a friend
 Bm **Am7** **G**
I never try more than I should
 Em **Am7** **G**
Now she's leaving and I wish I could

[Interlude]

Am7 **Dsus4** **G**
She's a real pretty girl that I know
 Am7 **Dsus4** **G**
A real pretty girl that I know

[Verse]

Bm **Am7** **G**
Thought that I'd scare her away
 Bm **Am7** **G**
A mistake that I shouldn't have made
 Bm **Am7** **G**
Wearing my blood on my sleeve
 Em **Am7** **G**
Smothering helps but it's harder to breathe

[Chorus]

G **Am7**
Thought that I was whole again
 Dsus4 **G**
But baby I'm alone again
 G **Am7** **Dsus4** **G**
Never thought I'd see the end but baby I'm alone
 G **Am7**
Drunk and cold and lost again
Dsus4 **G**
Baby I'm alone again
 G **Am7**
Never thought I'd lose the friend
 Dsus4 **G**
Well Kaylee I'm alone

[Bridge]

Am7 Dsus4 G Em
 I sat on your bed in your freezing apartment
Am7 Dsus4 G Em
 my boxes were left on the floor where our shoes went
Am7 Dsus4 G Em
 You tried to explain it was me that was missing
Am7 Dsus4 G Em
 the point you had made but I still wasn't listening
Am7 Dsus4 G Em
 I'd noticed a gift you had bought me last year
Am7 Dsus4 G Em
 so I walked to your desk picked it up and I hear
Am7 Dsus4 G Em
 It's not mine anymore it had always been yours like
Am7 Dsus4 G Em
 the heart that you tore from my guts with your words
Am7 Dsus4 G Em
 So you led me downstairs as we got to my car
Am7 Dsus4 G Em
 afraid and ashamed I forgot where I parked
Am7 Dsus4 G Em
 So I turned to your face and we had our last kiss
Am7 Dsus4 G Em
 it wasn't the same I can still taste the spit
Am7 Dsus4 G Em
 As I looked in your eyes can't believe what I heard
Am7 Dsus4 G Em
 you had started to speak and these were the words

[Outro]

Am7 Dsus4 G Em
 You said Please please don't change the words to this
Am7 Dsus4 G Em
 Please please don't change the words to this
Am7 Dsus4 G Em
 Please please don't change the words to this
Am7 Dsus4 G Em
 Please please don't change the words to this
Am7 Dsus4 G Em
