

Broken Brain
The Frights

G Bm C
I'll be alright, staying with you
G Bm C
it'll take some time, to save me
G Bm C
You'll kill the pain, with all that you do
G Bm C
My broken brain, baby

G Bm
I had a problem
C
I didn't like it
G Bm C
Now I know exactly who I am
G Bm C
You try to talk, you try to change
G Bm C
You finally learn to understand
G
I need the buzz
Bm
I hate the taste
C
Cant let this Xanax go to waste
G
I'll give it up
Bm
Five bucks for two
C
Is that enough to get you through?

G Bm C
I'll be alright, staying with you
G Bm C
i'll take some time, to save me
G Bm C
You'll kill the pain, with all that you do
G Bm C
My broken brain, baby

G Bm C
I never thought that I was weak
C
Til I was too afraid to speak
G Bm C
I had a lump in my chest

C

I pulled it out I did my best

G Bm C

Tried to tell me love wont heal

C

But they don't know how real love feels

G

I couldn't see it

Bm

It wasn't there

C

I had to look I had to care

G Bm C

I'll be alright, staying with you
