

Peach

The Front Bottoms

[Intro] G Am C D

[Verse 1]

 G Am
You are my peach, you are my plum
 C D
You are my earth, you are my sun
 G Am
I love your fingers, I love your toes
 C D
The back of your head, the tip of your nose

[Chorus]

 C Am
And you are the reason I m smiling
 G D
When there is nothing to smile about
 C Am
Yeah, you are the reason I m smiling
 G D
When there is nothing to smile about

[Bridge]

 Em Am C
One day you will find someone who will love you like you deserve
 Em
But tonight I m the only one left
 Am C
And I m betting it s a fact that you will never learn
 Em Am C
Once I sink my teeth, your skin s not so tough
 Bm C Bm C
I ll leave a tiny cut, there ll be a lot of blood
 Bm C Am C
But once you wipe it up you will feel better about our entire situation

G Am C D

[Verse 2]

 G Am
You are my light, no need to hide
 C D
You are my clock, keep me on time
 G Am
You are my angel, you are my crime
 C D
I ll serve this sentence the rest of my life

[Chorus]

C **Am**
And you are the reason I m smiling
G **D**
When there is nothing to smile about
C **Am**
Yeah, you are the reason I m smiling
G **D**
When there is nothing to smile about

Em Am C
I do things wrong, you thought I might
Em Am
You say I m gonna miss you when you leave
C
And you are probably right
Em Am C
But I m just as stoned, I don t wanna fight
Bm C
You say I should think before I talk,
Bm C
You say I shouldn t think about my life
Bm C
Cause once I finally hit the ground,
Bm C
Who s gonna drag me into the light?
Am C Em D
It s just so hard to see tomorrow past tonight, woah
Am C Em D
It s just so hard to see tomorrow past tonight, woah
