A lot of people work in the same place, don t let them get in your way.						

Verse - (repeat C# and B chords throughout, as feels appropriate)

Tea time you go to the canteen, you make the most out of your dinner break, you like to  
talk when you re eating,don t have to listen to what they say.

And they say like it or not, you have to do what they say, and if theres something that  
you would like to talk about, it is only your first day.

Chorus

After that things get a bit confusing with people singing different things at different  
times, but if you listen to the song you can probably work it out.
