The Gabe Dixon Band

My favorite song is the one I write for you
It s the one I haven t finished yet
I hope I never do

My favorite words are the ones you say to me
Gentle as a summer breeze
Certain as the sea

B# - C# - A - E

And I haven t found the perfect way to show you how I feel
but I ll try and try again until I do

E - A

My favorite, My favorite
You

My favorite night, is the one that s just ahead
I can hardly wait till I will slide you in our bed

My favorite life is the one that we have made
Together now we re intertwined with every passing day

B# - C# - A - E

And I haven t found the perfect way to show you how I feel
but I ll try and try forever till I do

E - D#/E - D - A - E - A

Your eyes they shine, I knew from that first time,
My favorite, My favorite
Your smile, your tears, all your dreams and fears
My favorite, My favorite You

D - A - E - D#/E - C# - E

My favorite game to play is wondering what s there inside your mind

I play it every day I hope I m getting better,
even more than that I hope I get to play for a long long time
