G

All lies and mistakes Iâ€™ve made

(Same as above)

Small is the globe and I call him Destination

Heâ€™s there to remind me of

Places I will never go

(same as previous verse)

Awake at nine AM

Iâ€™m gonna take care of the problem

Light myself a cigarette

And then a couple more

Unlike my whole life

Iâ€™m gonna get this right the first time

One thing I have always been

Is good at giving up

Iâ€™m looking out of a thirteenth story window

I can feel the gravity

Pull me close to tragedy

I hear the sound of the sidewalk people laughing
Might as well have leant a hand
Bet they won't be laughing when I land

Em C **G** **D**
There is a statue made of stone beside me

Em C **G** **D**

Cold and alone he suffers from exposure

Em C **G** (Intro figure here)
He is as still as I am lost

outro (woah-oh-oh s)
