

59 Sound

The Gaslight Anthem

I was sick of all the tabs that have their songs tuned down a full step, so I decided to those standard tuning. This sounds fine with open or barr chords, but I prefer playing barr chords.

Bm **F#**
Well, I wonder which song they re gonna play when we go
Bm **G**
I hope it s something quiet and minor and peaceful and slow
Bm **F#**
when we float out into the ether, into the Everlasting Arms,
Bm **G**
I hope we don t hear Marley s chains we forged in life
Bm **G** **D** **A**
cause the chains I been hearing now for most of my life

A **G**
Did you hear the 59 Sound coming through on Grandmama s radio?
Bm **A** **G**
Did you hear the rattling chains in the hospital walls?
D **G**
Did you hear the old gospel choir when they came to carry you over?
Bm **A** **G**
Did you hear your favorite song one last time?

Bm **F#**
And I wonder were you scared when the metal hit the glass?
Bm
See, I was playing a show down the road
G
when your spirit left your body
Bm
And they told me on the front lawn
F#
I m sorry I couldn t go,
Bm **F**
but I still know the song and the words and her name and the reasons
Bm **G** **D** **A**
And I know cause we were kids and we used to hang
Bm **G** **D** **A**
And I know cause we were kids and we used to hang

Bm **G** **D** **A**
Young boys
Bm **G** **D** **A**
