[Verse 2]

Let it out, let me in, take a hold of my hand
There s nothing like another soul that s been cut up the same
And did you want to drive without a word in between?
I can understand, you need a minute to breathe
And to sew up the seams after all this defeat
All this defeat

[Chorus 2]

And we waited for the sirens that never come
And we only write by the moon
Every word handwritten
And to ease the loss of youth
And the many, many years I ve missed you
Pages plead forgiveness
Every word handwritten
