C
Stay the same, don't ever change

Cause I'd miss your ways

And your mama's party dress
C
While this city pumps its aching heart
G
For one more drop of blood,
Am
We work our fingers down to dust
F G
And we wait for kingdom come
C
With the radio on

[Chorus]

Am F
I wanna see you tonight
C G
Would you come for a drive?
Am F
You can lean into me

C **G**
If you ain t been in love for a while

[Interlude]

C G Am F (x2)

[Verse 2]

C
I was born beside a river
G
That flows to a raging sea
Am
That will one day serve to quell
F **G**
Or one day be the death of me
C
In my faded jeans and far away eyes
G
And salty carnival kiss
Am **F**
That all my former lovers say
G **C**
Was once magnificent

[Chorus]

Am **F**
I wanna see you tonight
C **G**
Would you come for a drive?
Am **F**
You can lean into me
C **G**
And if you ain t oh if you ain t...
Am **F**
I wanna see you tonight
C **G**
Would you come for a drive?
Am **F**
You can lean into me
C **G** **C**
If you ain t been in love for a while

[Interlude]
