Can you say the same thing for yourself tonight?

What can i keep for myself if i tell you my hell?

Am G F C

What would be left to take to my grave?

E

And what s left for you, my lover to save?

Am G F Fm

What s left for only you to take?

C G Am F

If i put too much blood on the page

C G Am F

If i put too much blood on the page

C G Am F

And if i just tell the truth are there only lies left for you

C G C

If i put too much love on the page?

Now as my eternal witness to the pride and the shame

Are you worried i say too much?

Are you scared they 11 take me away?

Now i am no devil but i ve got things on my mind

And they re gonna come out and they re gonna come up time to time
