

Cassis Intro
the Gazette

Tabbed by: Hariz05 (*)
Tuning : Aoi (Standard)
Uruha (Standard)

F.A.Q:

Q: Aoi plays different tab in the video, is it the same?

A: In the video, you can see that Aoi plays different tab because he uses one-step down tuning. I m lazy to tune my guitar, so I tabbed it out with the standard tuning instead.

Q: Doesn?t the song stars with A string, instead of D, like this:

```
e|---2---0---2|
B|-----0-----|
G|-----2--|
D|-----|
A|-2-----|
E|-----|
```

A: Nope, not at all, the A string comes from the bass. I have played this song several times with my band and its sound 100% the same.

Guitar 1 (Acoustic Steel) - Aoi
Guitar 2 (Distorted) - Uruha
