

Wakaremichi
the Gazette

Hello~~

This is an acoustic version of Wakaremichi in Standard.

I play this song entirely as power chords, and I use different ones at different parts in the song, so I've included where on the neck I play them for you (aren't

I nice? XD).

Then again, you can play it whatever way you like, so go ahead. Where there's more than one place I play it at I've numbered the chords and written underneath where I play that one. :]
