

## The Collector

### The General & Duchess Collins

Top song, dead easy to play. Play open chords until you get to the I m the man that

up the metal... bit at the end, then switch to barre chords.

C                    Em  
I used to get up and down

C                    Em  
Now I just go out

C                    Em  
Dogs have taken over the town

         Am                    G  
So I just stand in the rain

C                    Em  
My job now has become obsolete

C                    Em  
They don t need me to sweep the street

C                    Am  
All that now is done with

                         G  
The sweeping of a hand

C                    Em  
I ain t the thing that people see

C                    Em  
As the thing that you need

C                    Em  
To be in the place

Am                    G  
A man should be

C                    Em  
So I just pick up the odds and ends

C                    Em  
Left by the others when

C                    Am  
They don t shine

                         G  
Anymore

C                    Em  
The people in the place to be

**C**                    **Em**  
Feel fine to stare at me  
**C**                    **Em**  
Laying here beneath  
**Am**                **G**  
The water line

**C**                    **Em**  
I can breathe under the sea  
**C**                    **Em**  
Mountains step aside for me  
**C**                    **Am**  
Don t wanna be on TV  
  
   **G**  
I just want the metal inside

**A**                    **C**  
I m the man picks up the metal  
**F**    **E**  
Left by the people who think they d know better  
**A**                    **C**  
I m the one still in the middle  
**F**    **E**  
Between death and solving the riddle
