

Campfire Kansas
The Get Up Kids

D **G**
woke up at 8, started the fire
D **G**
had a few drinks, we all felt inspired
Am **C**
jumped in the stream, our shoes and canteens
G
The water, so bitter cold

D **G**
laid in the raft till it started moving
D **G**
the current just sang, the song was so soothing
Am **C**
we stopped along the way
G
on a beach in the sun on a beautiful day

D **G** **Em**
our boats collide we feel the breeze
D **G** **Em**
we stay afloat and make the most of everything

D **G**
by noon we had swing the ropes in the woods
D **G**
missed all dangers, snakes and the floods
Am **C**
burned by the rays and next to our legs
G
the water, so bitter cold

D **G**
lunch had been saved along with the lighters
D **G**
wet cigarettes serve us as reminders
Am **C** **G**
never trust a man with food, change of clothes
G
and a drink in his hand

D **G** **Em**
our boats collide we feel the breeze
D **G** **Em**
we stay afloat and make the most of everything
