The Ghost of a Saber Tooth Tiger

Lavender Road
The Ghost of a Saber Tooth Tiger

B **Ebm**

Where does the time go?

C#m **A**

Down Lavender Road

B **Ebm**

Turn left at the post

D **G**

Where memories grow

D **G**

Like weeds in summer snow

D **G5**

And firefly galaxies glow

B

Here we go

F#m

Pulling up the curtains on the magic show

E **Em** **G#m** **G**

Heroes and ghosts sit in the front row

B **F#m**

Curious ballerina bones and tight rope vertigo

E **Em** **G#m** **G**

Opera glasses like telescopes

B **Ebm**

Where does young love go?

C#m **A**

Down Lavender Road

B **Ebm**

Pebbles and planets know

D **G**

How there is no hope when

D **G**

That red wind blows and

D **G5**

All our words go up in smoke

(Ch) Here we go...

B **Ebm**

And silence echoes

C#m **A**

Down Lavender Road

B **Ebm**

Where wine and teardrops flow

D **G**

And rows of graveyards grow like

D **G**

White Rabbit holes and

D **G5**

Where they stop nobody knows

(Ch) Here we go...
