

Hold Yr Terror Close
The Go! Team

I think this one works a little better. Email me with any questions:

C **Fmaj7** **Dm**
Here, the future is ever so near
Am **Fmaj7**
Why should we all be alone
Am **Dm**
Every night on the way home
G **C**
This time, we should be starting again
Fmaj7 **Dm**
Get up and counting to ten
Am **Fmaj7**
Seeing you combing your hair
Am **Dm**
Pretending that no-one is there
G **Am**
You know it could be better than that
Dm **Em** **Am**
But wait until tomorrow morning
G **Am** **Fmaj7**
Learning to be you is what hurts most
G **Am** **Fmaj7**
Close your eyes and hold your terror close

C **Fmaj7** **Dm**
Don't fear I hear you come in loud and clear
Am **Fmaj7**
Carried you till it got dark
Am **Dm**
then we can run through the park
G
you're right
Fmaj7 **C**
strangers are easy to like
Fmaj7 **Dm**
thunder and lightning strike
Am **Fmaj**
maybe if we look at the map
Am **Dm**
everything done is a wrap
G
just please
Fmaj7 **C**
give me a chance to say no
Dm **Em** **Am**

why wait until tomorrow morning

G **Am** **Fmaj7**

yearning to be you is what hurts most

G **Am** **Fmaj7**

close your eyes and hold your terror close
