

**All The Way To Jericho**  
**The Gourds**

Intro: **A Bm C#m D E D**

**D** **A**  
All the way to Jericho in a rusted automobile  
**Bm** **E**  
if you could only find out anyway you oughta feel  
**D** **A**  
all the way to Jericho in a rusted auto  
**Bm** **E** **A**  
lookin at the yellow moon-waitin for the northern star

{Chorus}

**D** **A**  
And when you see that starry night  
**D** **A**  
or a cross up on a hill  
**D** **A**  
then you wait for early light  
**D** **A**  
to take yer hands off the wheel  
**D** **A**  
when you see that starry night  
**D** **A** **E**  
when you see that starry night

All the way to Jericho it doesn't even seem that real  
knowin that the time is gone-nuthin left to save or steal  
All the way to Jericho all the while singin low  
wishin for a passenger-waiting for that northern star

{Repeat chorus}

Break: **A Bm C#m D E D**

All the way to Jericho in a rusted automobile  
mighta missed a sign you saw farm road-corn field  
say goodbye to Jericho, lookin at the book of dreams  
how to get to Bethlehem-time to get some gasoline

And when you see that starry night  
or a cross up on a hill  
then you wait for early light  
to take yer hands off the wheel  
when you see that starry night {repeat last line several times}
