

Runaway Train The Green

It s a very easy song to play.

Just use bar chords for the entire thing, and make sure you get into the feel of the song with your upstrokes.

It also helps if you have a sick bass line like they do on this song.

Verse 1

I can t wait to take a look at her face
And look into her eyes if the future it lies
Oh yeah yeah
Oh yeah yeah

I can t wait no more, no I know I won t need to
Stop visualizing cause the future ain t sighted with you
With you

You know I m standing right here, got nothing to lose
I got my foolish pride, got nothing to prove
Oh no

I m on a runaway train, on this one way track
Mr. Engineer don t pull the brake cause I can t
I won t go back
Oh no

Chorus

I said I won t go back, Please mister don t change track
I can t take this no more, But really and a truly am I sure

Verse 2

It s been too long, the thing run out of style
How far along, say how many miles does it take girl?
To get to you girl?

It s just like Daniel and the lion, when he came out alive
Tell me what would they require for you to be by my side?
Oh yeah.

Chorus

I said I won t go back, Please mister don t change track
I can t take this no more, But really and a truly am I sure
