Bm D Bm D

[Verse 1]

Bm **D**
Your face is clogging up my dream
Bm **D**
Smiling so goddamn tenderly
Bm **D**
But I know that your heart is artificially sweet
Bm **D**
And still I can't pull you out of me
Bm **D**
Like a bad bone that a good son can't forget
Bm **D**
Guess it's been too long since you ravaged through my head
Bm **D**
Well this is unfair there's a girl who loves me
Bm **D**
Get out of my head and let me love free

[Hook]

A **D**
Hell I know that you're no good for me
A **F#** **Bm**
There ain't no grown man that should be living in a memory

[Verse 2]

D
Gotta set myself free
Bm **D**
Slow down my thoughts and let my heart free
Bm **D**
Your face is clogging up my dream
Bm **D**
Smiling so goddamn tenderly

[Hook]

A **D**
But hell I know this ain't no good for me

There ain't no grown man that should be living in a memory
