

## Wisdom

### The Guggenheim Grotto

One of my all-time favourite bands! This may be my favourite song of theirs.

\*NOTE\* I think it s really important to play an A root note on the D chord.  
Doesn t  
sound right otherwise.

PS. To do this as a barre chord, use the A shape (root 5th fret 5 string) and  
include  
the 6th string in your bar. The 5th fret is an A note, as in:

5th fret  
e-X----|  
b----X-|  
g----X-|  
d----X-|  
a-X----|  
E-X----|

ANYWAY...
