The Guggenheim Grotto

One of my all-time favourite bands! This may be my favourite song of theirs.

NOTE I think it s really important to play an A root note on the D chord.
Doesn t
sound right otherwise.

PS. To do this as a barre chord, use the A shape (root 5th fret 5 string) and
include
the 6th string in your bar. The 5th fret is an A note, as in:

5th fret
e-X----|
b----X-|
g----X-|
d----X-|
a-X----|
E-X----|

ANYWAY...
