   **C**                      **G**                      **Dm**  
When I leave this god almighty earth  
   **C**                      **G**                      **Dm**  
Wont you lay me in a box of pine

Ive had my share of women  
Had more than my share of wine  
When I leave this god almighty earth  
Wont you lay me in a box of pine

**G**  
Ill walk this earth till my last dying day  
   **Dm**                      **C**      **Dm**  
I want to leave this earth in a righteous way  
**G**  
I rose from the ashes in the bibles word I trust  
   **Dm**                      **C**                      **G**                      **Dm**  
I want to go back to the ashes, want to go back to the dust

A hard rain fell this morning  
Yesterday the sun did shine  
When I leave this god almighty earth  
Wont you lay me in a box of pine

Ill walk this earth till my last dying day  
I want to leave this earth in a righteous way  
I rose from the ashes in the bibleâ€™s word I trust  
I want to go back to the ashes, want to go back to the dust

I dont want no fancy coffin  
Dont lay me in no marble shrine  
When I leave this god almighty earth  
Wont you lay me in a box of pine
