So Much Wine
The Handsome Family
So Much Wine - The Handsome Family,
some parts are a bit boring so feel free to improvise chords in them, also
 sounds nice on capo 7 for that Ukelele feel (optional, of course)
Thanks For Viewing, FrannyBabes.
VERSE 1
G
                  C
I had nothing to say on Christmas day
                       D
When you threw all your clothes in the snow
                    C
When you knocked over chairs and burnt your hair
I just tried to stay out of your way
When you fell asleep with blood on your teeth
I got in my car and drove away
CHORUS
          Am
Listen to me butterfly
There s only so much wine
        Em
You can drink in one life
And it will never be enough
             Em
                     C
To save you from the bottom of your glass
VERSE 2
Where the state highway starts I stopped my car
     Em
              D
I got out and stared up at the stars
         Em
                     C
As meteors dived and shot across the sky
I thought of your sad shining eyes
I came back for my clothes, when the sun finally rose
```

But you were still passed out on the floor

CHORUS

Am C

Listen to me butterfly

There s only so much wine

(Gm) Em C

You can drink in one life

And it will never be enough

(Gm) Em C G

To save you from the bottom of your glass

C, G, Am, D, Em, C, G (Optional)
