

Firefear

The Head and the Heart

F# **Bbm**
Its a long way to the other room while Im
C# **G#m**
Grading papers and tying shoes
F# **Bbm**
Oh, you never had much to loose
C# **G#m**
So Im blaming you for these hopeless blues

F# **Bbm**
Whats to say when the kids are gone
C# **G#m**
Ive made the beds and been left alone
F# **Bbm**
You look as cold as a stone
C# **G#m**
Theres no way to right whats been done wrong

G#m **C#** **F#** **C#** **Ebm**
And you left me fool
G#m **C#** **F#** **C#** **Ebm**
So what to do
G#m **C#** **F#** **C#** **Ebm**
What to do

F# **Bbm**
So hold me down if Im running off
C# **G#m**
They say it gets better baby soon enough
F# **Bbm**
So I shut my mouth and steel my heart
C# **G#m**
But I still feel like a girl thinking when we started

G#m **C#**
And I wanna feel the fire again
F# **C#** **Ebm**
With you or anybody else
G#m **C#**
And I wanna feel the fear again
F# **C#** **Ebm**
With you or anybody else
G#m **C#** **F#** **C#** **Ebm**
So what to do
G#m **C#** **F#** **C#** **Ebm**
What to do
G#m **C#** **F#** **C#** **Ebm**

What to do
