

Firefear

The Head and the Heart

G **Bm**
Its a long way to the other room while Im
D **Am**
Grading papers and tying shoes
G **Bm**
Oh, you never had much to loose
D **Am**
So Im blaming you for these hopeless blues

G **Bm**
Whats to say when the kids are gone
D **Am**
Ive made the beds and been left alone
G **Bm**
You look as cold as a stone
D **Am**
Theres no way to right whats been done wrong

Am **D** **G** **D** **Em**
And you left me fool
Am **D** **G** **D** **Em**
So what to do
Am **D** **G** **D** **Em**
What to do

G **Bm**
So hold me down if Im running off
D **Am**
They say it gets better baby soon enough
G **Bm**
So I shut my mouth and steel my heart
D **Am**
But I still feel like a girl thinking when we started

Am **D**
And I wanna feel the fire again
G **D** **Em**
With you or anybody else
Am **D**
And I wanna feel the fear again
G **D** **Em**
With you or anybody else
Am **D** **G** **D** **Em**
So what to do
Am **D** **G** **D** **Em**
What to do
Am **D** **G** **D** **Em**

What to do
