

**Honey Come Home**  
**The Head and the Heart**

capo 2 fret

**C**

Honey come home

**Dm C E7**

my stubborn ways are behind me now

**C E7 Am**

Theyâ€™re behind me now

**G**

And thereâ€™s nothing here

**Am G F**

that will not break down

**G**

like you never did

**C**

The kids say hello

**Dm C E7**

to us in our separate homes

**C E7 Am**

Darling please come home

**G**

Iâ€™ve cleaned out the fridge

**Am G F**

Wiped the counters off

**G**

and put away my clothes

**F**

Do you remember every block

**Am C**

Every minute of every walk we used to take

**G**

We were young so many years ago

**F**

And I think of all this time

**Am C**

that we have wasted with all our fighting and I cry

**G**

Just want to die with the one I love beside me

**C**

â€œSomeday,â€• you said,

**Dm C E7**

someday you will miss my head

**C                    E7                    Am**

lying next to yours

**G**

in our marriage bed

**F**

Do you remember every block

**Am    C**

Every minute of every walk we used to take

**G**

We were young so many years ago

**F                    Am    C**

Oh God I love my vices but theyâ€™ve taken me to places

**G**

That I never thought Iâ€™d go and I am ready to be home

**F                    Am    C    G**

And I think of every spark every whisper in the dark, now itâ€™s time

**G**

Just wanna die with the one I love

Just wanna die with the one I love

Just wanna die with the one I love

Just wanna die with the one I love beside me

**C    E7    Am**

Love love love

**C    E7    Am**

**C**

Honey come home

**Dm    C    E7**

My stubborn ways are behind me now
