

While You Were Gone
The Head and the Heart

C, F, E, Am

(C)

While you were gone

(F)

the phone still rang

(C)

the bus still came

(F)

and everything

remained the same

(C)

while you were gone

while you were gone

i washed my face

i rearranged my books and things

just for a change

while you were gone

(F)

(Am)

you tried to hide yourself away

you tried to hide yourself away

you tried to hide yourself away

(E)

(Am)

but no one came

(C)

while you were gone

sleeping at his place

kissing his face

blood in his veins

pumping for a change

while you were gone

(F)

(Am)

you tried to hide yourself away

you tried to hide yourself away

you tried to hide yourself away

but no one came

(Am)

under blankets and under beds

(E)

all the boys and girls with their troubled heads

(Am)

and the fairy tales that your mama preaches but ohhhh

(E)

under blankets and under beds

all the boys and girls with their troubled heads

and the fairy tales that your mama preaches but ohhhh

(E) (Am)

But Ooooooooooooooh

But Ooooooooooooooh

But Ooooooooooooooh

But Ooooooooooooooh
