

Winter Song

The Head and the Heart

<http://www.theheadandtheheart.com/>

C **G**
Tell me something, give me hope for the night,
Am **G**
We donâ€™t know how we feel
C **G**
Weâ€™re just praying that weâ€™re doing this right
Am **G**
Though thatâ€™s not the way it seems

C **G**
Summerâ€™s gone, now winterâ€™s on its way
Am **G**
I will miss the days we had
C **G**
The days we had
G **Am** **G**
I will miss the days we had
G **C** **G**
The days we had
G **Am** **G**
Oh Iâ€™ll miss the days we had

C **G**
Loving, leaving, itâ€™s too late for this now
Am **G**
Such esteem for each has gone
C **G**
Has time driven our season away?
Am **G**
Cause thatâ€™s the way it seems

C **G**
In the world of the speech that is new
Am **G**
Iâ€™ll be back again to stay
C **G**
Again to stay
G **Am** **G**
Iâ€™ll be back again to stay
G **C** **G**
Again to stay
G **Am** **G**
Iâ€™ll be back again to stay

Not perfect but it sounds nice to play along to
