[VERSE 1]

**C Am F C G**  
Of all the money that e'er I had,  
**C C G**  
I spent it in good company.  
**Am F C G**  
And all the harm I've ever done,  
**C Am F**  
alas it was to none but me.  
**C F C C F G**  
And all I've done for want of wit  
**F C G**  
to memory now I can't recall;  
**Am F C G**  
So fill to me the parting glass,  
**C Am F**  
Good night and joy be to you all.

[CHORUS 1]

**C F C G**  
[So] fill to me the parting glass  
**G Am F G**  
And drink a health whatever befalls  
**Am F G C**  
And gently rise and softly call  
**C Am F**  
Good night and joy be to you all

[VERSE 2]

**C**  
Of all the comrades that e'er I had,  
**G**  
They're sorry for my going away.  
**Am F C**  
And all my sweethearts that e'er I had,  
**C G C**  
They'd wish me one more day to stay.  
**C Am C G**  
But since it fell unto my lot,

**G Am F G**  
That I should rise and you should not,  
**Am F C**  
I gently rise and softly call,  
**C G C**  
Good night and joy be to you all.

[CHORUS 2]

**C F C G**  
[So] fill to me the parting glass  
**G Am F G**  
And drink a health whateâ€™er befalls  
**Am F F C**  
And gently rise and softly call  
**C G C**  
Good night and joy be to you all

[BRIDGE]

**C Am C G**  
But since it fell unto my lot,  
**G Am F G**  
That I should rise and you should not,  
**Am F G C**  
I gently rise and softly call,  
**C G C**  
Good night and joy be to you all.

[CHORUS 2]

**C F C G**  
[So] fill to me the parting glass
