## C#

In the morning

**A** **E**

I could take the burning sun

**B**                      **C#**                      **A**                      **E**

I could be the only warning but im not the only one

**C#                      A                      E**

So forgive me, Cause its more than I can bear

**B**                      **C#**                      **A**                      **E**

In demand I make my mind up by deciding not to care

(STRUM CHorus)

**C#                      A                      E                      B**

Stop giving me choices

C#                      A                      E

Stop giving me choices

**C#                      A                      E**

Im the victim, of this day and age

**B** **C#**

I ve forgotten how to feel

**A** **E**

I ve forgotten how to change

**C#                      A                      E**

So I surrender, to the apple of my eye

**B**                      **C#**                      **A**                      **E**  
I surrender to the wind, I will let the wind decide

(STRUM CHorus)

**C#**                      **A**                      **E**                      **B**  
Stop giving me choices (woah oo)

**C#**                      **A**                      **E**  
Stop giving me choices

Stop giving me choices (woah oo)

**C#**                      **A**                      **E**  
Stop giving me choices

**C#**                                      **A**                                      **E**  
I could Break it, I could break it till it hurts  
**B**                                      **C#**                                      **A**                      **E**  
I could take Whatever words you say, Pretend I never heard  
**C#**                      **A**                                      **E**  
So Forgive me, Shouldnt be so hard  
**B**                                      **C#**                                      **A**                      **E**  
It s they way im put together, so your never getting past

(BRIDGE)

**A**                                      **E**  
Cant we talk this through

**B**                                      **C#**  
Actions are not what im used to

**A**                                      **E**  
Cant we talk this through

**B**                                      **F#**  
Actions are not what im used to

(STRUM CHorus)

**C#**                      **A**                      **E**                      **B**  
Stop giving me choices (woah oo)

**C#**                      **A**                      **E**  
Stop giving me choices

**C#**                      **A**                      **E**                      **B**  
Stop giving me choices (woah oo)

**C#**                      **A**                      **E**  
Stop giving me choices

**C#**                      **A**                      **E**                      **B**  
Stop giving me choices (woah oo)

**C#**                      **A**                      **E**  
Stop giving me choices

**C#**            **A**        **E**    **B**  
Stop giving me choices (woah oo)  
**C#**            **A**        **E**  
Stop giving me choices

**C#**                            **A**                            **E**  
Without Friction, We Would float up into space  
**B**                            **C#**                            **A**            **E**  
Maybe you could be the friction that will keep me in my place  
**C#**                            **A**                            **E**  
In the morning, I could take the burning sun  
**B**                            **C#**                            **A**            **E**  
I could be the only warning but im not the only one
