Bm **G**
I guess you need a little sugar

D
Cause you always wander around.

How would you like a little fancy,

D
Whenever you feel a little inside out.

Bm **G**
I heard you need a vacation,

D
Said I bored you right to tears.

Bm **G**
I heard my love was a season

D
That you wore for the pretty girls.

D **A**
You said no,no,no,no,no,no,no,no

Bm **G**
That s not the way it goes.

D **A**
You said no,no,no,no,no,no,no,no

Bm **G**

G **D**
But it is, don t lie,

G **D**
I ve seen that curl up around your smile.

G **D**
And it is, don t lie,

A
Who do you think that you re kidding this time?

G **D**
Only I know, I know you get lonely at night,

G **D**

Nobody knows you like I do.

D **Bm** **G**

D
Down the steps that I walked you in.

Bm **G**
I got hurried for midnight,
D
With slippers of glass and perfect fits.

D **A**
You said no,no,no,no,no,no,no.no
Bm **G**
That s not the way it goes.

D **A**
You said no,no,no,no,no,no,no,no
Bm **G**

But it is, don t lie,

G **D**
I know, I know you get lonely at night,
A **Bm G**
Nobody knows you like I do.

D **A**
Nobody else waits on you
Bm **G**
When your hands shake like the breeze,
D **A**
And your mind is a permanent dream,

G **D** **A**
Left your head long before you broke through my door.

G - D - G - D - G - A
