

Think For A Minute
The Housemartins

The Housemartins - Think For A Minute!
(Heaton/Cullimore)

Just A and B7 (or B7add11, 0-0-2-1-2-0) all the way through. Enjoy!

[Verse]

A **B7**
Something s going on, a change is taking place

A **B7**
Children smiling in the street have gone without a trace
This street used to be full, it used to make me smile
And now it seems that everyone is walking single file

[Bridge]

And many hand their heads in shame
That used to hold them high
And those that used to say hello
Simply pass you by

[Chorus]

Think for a minute, stop for a minute
Think for a minute, stop for a minute

[Verse]

I always said it could, they never though it would
The people look so pitiful, I m thinking that it should
And now it s almost here, now it s on it s way
I can t help saying told you so and have a nice final day

[Bridge]

And nothing I could say
Could ever make them see the light
Now apathy is happy that
It won without a fight

[Chorus]

Think for a minute, stop for a minute
Think for a minute, stop for a minute

[Bridge]

And many hang their heads in shame that used to hold them high
(think for a minute)
And those that used to say hello simply pass you by
(stop for a minute)

[Chorus]

Think for a minute, stop for a minute
Think for a minute, stop for a minute
