

**Dont Wake Me Up**  
**The Hush Sound**

Ok well I was playing at the piano for awhile and I finally got the chords.

**Cm**  
You came to me  
**Gm**  
In seamless sleep  
**F**  
Slipped right in  
**Cm**  
Behind my eye  
**Gm**                    **F**  
On the back of my mind  
**Cm**  
We swam a sea  
**Gm**                    **F**  
Of pretty sights and chandelier skies  
**Cm**                    **Gm**                    **F**  
I swore I could feel you breathe  
**Cm**                    **Gm**                    **F**  
It was all so real to me

**Dm**                    **Am**                    **Gm**  
The light it slipped through the window  
**Dm**                    **Am**                    **Gm**  
The morning ripped you away oh

**Dm**  
Don t wake me up  
**Dm**  
I am still dreaming  
**Cm**                    **Bm**  
The story s undone  
**Gm**  
Unravel at the seams  
**Dm**  
Don t wake me up  
**Dm**  
Death is misleading  
**CM**  
And when I fall asleep  
**Bm**  
Sleep with your ghost

(Chords repeat for second verse)  
I looked in the dark  
The room calm and cold

And quiet hollow  
I am such a haunted soul  
Your ghost has gone to bed  
Its all cold

**Dm**            **Am**            **Gm**  
The light it slipped through the window

**Dm**            **Am**            **Gm**  
The morning ripped you away oh

**Dm**  
Don t wake me up

**Dm**  
I am still dreaming

**Cm**            **Bm**  
The story s undone

**Gm**  
Unravel at the seams

**Dm**  
Don t wake me up

**Dm**  
Death is misleading

**CM**  
And when I fall asleep

**Bm**  
Sleep with your ghost

**Cm**            **Gm**            **F**  
Oh you were a fire caught in a storm

**Cm**            **Gm**            **F**  
Memories like embers keep us warm

**Cm**            **Gm**            **F**  
You will leave me in the morning  
(leave me)

**Dm**            **Am**            **Gm**  
The light it slipped through the window

**Dm**            **Am**            **Gm**  
The morning ripped you away oh

And that s it. This was my first chord, and I played it all by ear. I m 98% sure  
this is

(:
