

Hurricane

The Hush Sound

Intro: **Eb**

Eb **Cm**
Send out the morning birds
Gm **Bb**
To sing of the damage
Eb **Cm**
Now that the calm s returned
Gm **Bb**
I know I can t manage
Eb **Cm**
You re standing in my doorway
Ab **Bb**
Though he s asleep in my bed
Eb **Cm**
The steady murmur
Gm **Bb**
Always in my head

Ab **Eb** **Bb** **Cm** **Eb**
You re the finest thing that I ve done
Ab **Eb** **Bb** **Cm** **Eb**
The hurricane I ll never outrun
Ab **Eb** **Bb** **Cm** **Eb**
I could wait around for the dust to still
Ab **Eb** **Bb** **Eb**
But I don t believe that it ever will

And since the roof fell in
I ll lean on what matters
Caught in the slightest wind
Everything else unravels
You re standing in my doorway
Seven cities ago
The days are racing
But you come back too slow

You re the finest thing that I ve done
The hurricane I ll never outrun
I could wait around for the dust to still
But I don t believe that it ever will

Bridge: same as chorus

You re the finest thing that I ve done
The hurricane I ll never outrun
I could wait around for the dust to still

But I don t believe that it ever will
But I don t believe that it ever will
