

**Molasses**

**The Hush Sound**

**Am F**

You are made of sugar, milk and molasses

**C E7**

So, little darlin , you attract all the bees

**Am F**

You are the gazer, you are the attraction

**C E7**

It takes a little vanity to know what it means

**F G Am**

I know it cause you wrote it down a hundred times

**D7 E7 Am**

But you say that you re doin just fine

**F C**

Say there s something better

**G Am**

But today, there is a cold moon rising

**F C**

And you wanted something better

**D7 E7**

But tonight, tonight you re giving up

**Am F**

I asked a question, give me an answer

**C E7**

You ll say the word, and I will disappear

**Am F**

You re running fast, but you can run faster

**C E7**

Your wheels to the dirt, gonna make it clear

**F G Am**

I know it cause you wrote it down a hundred times

**D7 E7 Am**

But you say that you re doin just fine

**F C**

Say there s something better

**G Am**

But today, there is a cold moon rising

**F C**

And you wanted something better

**G Am**

But tonight, you know you ll never find it

**F C G Am**

Say there s something better

**G Am**

But today, there is a cold moon rising

**F C**

You wanted something better

**D7 E7**

But tonight, tonight you re giving darkness

**Am C**

And you can t hear me

**E7 D**

I will try to draw you near me

**F G**

But in the morning, you will wake up alone

**Am C**

When your body breaks

**E7 D**

Even the hummingbirds will feel the earthquake

**F G** **Am**

You ll sing a song of your heart s complaints

**C**

Sing it loud

**E7**

Sing it clear

**D**

Oh, sing so I can hear you

**F G** **Am**

Then sing it soft in my ear

**C**

Take it up

**E7 D**

Or take out, put me down

**F G** **Am**

In the ground, I ll go anywhere with you

**F C**

Say there s something better

**G Am**

You don t see it, you won t find it

**F C**

Say there s something better

**G Am**

You re behind it but you won t get it

**F C G Am**

La da da, la da da

**F C G Am**

La da da, la da da

**F C**

Say there s something better

**G Am**

But today, there is a cold moon rising

**F C**

And you wanted something better

**G Am**

But tonight, you know you ll never find it

**F C G Am**

La da da, la da da

**F C G Am**

La da da, la da da

**F C**

Say there s something better

**G Am**

You don t see it, you won t find it

**F C**

Say there s something better

**D7 E7**

You re behind it but you won t get it

**F C G Am**

La da da, la da da

**F C G Am**

La da da, la da da
