Little Things The Icarus Account

Tuned Down Half A Step

This is my first tab, it s not entirely correct, but it goes with the song well.

The chords are as followed all the way through:

G, C/G, D?

33										
332h4										
002p0-2	Pretty	sure	this	is	just	repeated	${\tt mostly}$	through	out	the
024	song.									
23x										
3x										

There are over smaller melodies throughout played by a second guitar.
