I can't figure out the very beginning (fancy finger picking part or whatever), so I just strum **C#**, **Fm Eb** and **C#**, etc.

CAPO 2

INTRO- **C# Fm Eb C#**, **G# Eb Fm C# Fm Eb** (listen to the song to figure out when to switch) tuning=eBGDAE (standard) **G**(330023)
F#(332002)
C#(33023X)
Fm(33022X)
Eb(332000)

I KNOW I PROBABLY DON'T HAVE THE RIGHT CHORD NAMES BUT PAY ATTENTION TO THOSE (it goes (eBGDAE)) CAUSE IT WON'T SOUND RIGHT IF YOU PLAY THEM ALL AS MAJOR CHORDS. LISTEN TO THE SONG FOR CORRECT STRUMMING BECAUSE SOME PARTS ARE DIFFERENT

G# F# C#
It's been three weeks since I saw you
Fm Eb C#
Since I said goodbye to everything I knew
G# Eb C# Eb Fm
I thought that day would never come well, I guess that I was wrong
Eb C# G# Eb
cause it's already come I miss the smiles I miss the laughs
C# F# Fm
sometimes I wish that things could just go back
Eb C# Eb
To the way they used to be When you were with me
C#
Take me back to all those times
G#
That we knew back before
C# F#
When we were running we were playing
Eb
And we still knew nothing more
C# Eb Fm
The innocence we had could never last forever
G# F#
And daddy look at what I learned to play today
C# Eb
Do you think that I'll be famous one day?
C# Eb C#
When you see me now I hope I make you proud

So I ll spread these wings and try to fly
And if I fail at least you know I tried I hope that I make you proud
Even if I fall

(solo thingy, honestly. I just made it up with the chords used above)

It s time to say goodbye it s now or never
No I can t stay here nothing lasts forever
I loved you then I still love you now
And I know nothing ever changed it
No, not then, not now (ohhhhh)
Life can change so suddenly
So thanks for taking care of me I hope that I make you proud
