The Icarus Account

I can't figure out the very beginning (fancy finger picking part or whatever), so I just strum **B**, **Ebm C#** and **B**, etc.

CAPO 2

INTRO- **B Ebm C# B, F# C# Ebm B Ebm C#** (listen to the song to figure out when to switch) tuning=eBGDAE (standard) **G(330023)**
E(332002)
B(33023X)
Ebm(33022X)
C#(332000)

I KNOW I PROBABLY DON'T HAVE THE RIGHT CHORD NAMES BUT PAY ATTENTION TO THOSE (it goes (eBGDAE)) CAUSE IT WON'T SOUND RIGHT IF YOU PLAY THEM ALL AS MAJOR CHORDS.

LISTEN TO THE SONG FOR CORRECT STRUMMING BECAUSE SOME PARTS ARE DIFFERENT
