can t stop, no, no, not now....Oh...
... Come a little closer to my breast,
I ll tell you that you re the one I really love the best,
                                G#
and you don t have to worry about any of the rest,
                  в7
cause everything s fine right now.
                     Е
                                F#
And you don t have to talk and you don t have to sing,
                   F#
You don t have to do nothing at all;
                   F#
Just lie a-round and do as you please
              F#
                     В
you don t have far to fall... Oh...
   Е
... Come a little closer to my breast,
I ll tell you that you re the one I really love the best,
                                G#
and you don t have to worry about any of the rest,
                  в7
cause everything s fine right now.
