The Infamous Stringdusters

You Can't Stop the Changes - Chords

Verse: 1

E **G** **D**

Well I wish it was a sunny day, the clouds they follow me

D **Gm** **E**
Confusion rolls like a fog, making it hard to see

D G D

And coming to conclusions just isn't my forte

D **Gm** **E**
 Let it all wash over me, and leave it where it lay

Chorus :

D **A** **D** **A**
So keep that wind a blowing and let the rain pour down

D **A** **D** **E**
Let that old winding road keep bouncing me around

Cause you can t stop the changes and I donâ€™t know why you try

So let the song keep playing, playing till I die

Verse 2:

Said I just keep on a moving, try learning by degrees

I keep the clothes upon my back and a dobro on my knees

And if you want to sit and talk awhile, I might do some talking to

I canâ€™t claim to know too much but what I say is true

Chorus

E A E A

Bridge: Time keeps on growing, love keeps on growing

Chorus
