If you look around, the whole world s coming together now

C **D** **E**
Can you feel it, can you feel it, can you feel it

Feel it in the air, the wind is taking it everywhere

C **D** **E**
Can you feel it, can you feel it, can you feel it

All the colors of the world should be

C **D** **E**
Lovin each other wholeheartedly

C **D** **E**
Yes it s alright, take my message to your brother and tell him twice

Spread the word who tried to teach the man

C **D** **E**
Who is hatin his brother when hate won t do

Cause we re all the same

C **D** **E**
Yes the blood inside of me is inside of you, now tell me

C **D** **E**
Can you feel it, can you feel it, can you feel it

C **D** **E**
Can you see what s going down, you can feel it in your bones, can you feel it

Every breath you take, is someone s death in another place

Every healthy smile, is hunger and strife to another child

But the stars do shine, and promising salvation is near this time

Can you feel it now, so brothers and sisters shall we know how, now tell me

C **D** **E**
Can you feel it, tell me can you feel it, can you feel it

C **D** **E**
Talk now can you see what s going down open up your mind, can you feel it

E
All the children of the world should be

C **D** **E**
Lovin each other wholeheartedly

Yes it s alright

C **D** **E**
Take my message to your brother and tell him twice

Take the news to the marchin men

C **D** **E**
Who are killin their brothers, when death won t do

Yes we re all the same

C **D** **E**
Yes the blood inside my veins is inside of you, now tell me!

C **D** **E**
Can you feel it, can you feel it, can you feel it

C **D** **E**
Can you feel it, can you feel it, can you feel it
