                                    В
                      Αm
They we got to be taxes so let the murders grow
                      Am
What s wrong with this boy his neck is snapped
                      Am
You better run from the police cuz they ve got your ass
Pre-Chorus
F#m
Waiting by the yard your fine
Children s guns they fire by night
Bullets in the dark
