FUNERAL PYRE BY THE JAM

VERSE

D

Down in amongst the streets tonight, books will burn,

Am

people laugh and cry in their turmoil

Turmoil turns rejoiceful

D

Shed your fears and lose your guilt,

Am

tonight we burn responsibility in the fire

We ll watch the flames grow higher.

CHORUS

G

And as I was standing by the edge,

I could see the faces of those who left

Am

pissing themselves laughing

and the flames grew higher

G

Their mad eyes bulged, their flushed faces said

C

F

The weak get crushed and the strong grow stronger.

 We feast on flesh and drink on blood,

Am
 live by fear and despise love in our crisis

What with todays high prices.

 and bring whats left of your love for the fire

And we ll watch the flames grow higher.
