[Verse 2]

It s the least I can do

Just to make you my baby

No words could describe

Your hair s long and black

As it lays cross my pillow

When I stare in your eyes

I get lost in your glory

I ll never be all you want me to

But that s all right

I m gonna make you love me
I m gonna dry your tears
And we re gonna stay together
For a million years

Bm - **Em**
Your great big world came
Am **D**
tumbling down, it s so sad

[Verse 3]

Yeah, the river it bends
But it flows to the ocean
And baby here I am
I m your sea of devotion

I ll never be all you want me to
But that s all right

[Chorus] - repeat x2

End on G
