

The Greatest Light Is The Greatest Shade
The Joy Formidable

<http://www.thejoyformidable.com/>

I m sure there should be a B chord thrown in there somewhere, but since this is just a beginner s tab, I decided to leave it out. This song is tabbed out to be a solo acoustic. However, anyone else is free to use this as a template. Happy playing!

[NOTE: Use **C#** as your vocal starting point.
If you re doing this without a capo, the starting note would be B.]
