The Jungle Giants

The Jungle Giants- No One Needs To Know
these are just some ough tabs for the song, im sorry i couldn figure out the
bridge, and
the sections with (Em) in brackets are parts where the Em chord is optional
:)This is
an amazing song and im so keen to see them in november!! by Anna

C
Ive been
G
watching all the seasons
C
changing like the reasons
G
why im here.

C
And while we go away
G
the winter is here to stay but
C **G**
we dont mind the cold.

C
While everybodys sleeping
G
we re just quietly creeping
C **G**
out of our empty beds.

C **G**
Now were just turning in the dark,
C
meeting me right through the park
G
to where you are

C **D**
Down there goes another run for
G
all the people that you came for,
C **D** **G** **(Em)**
and i guess that you could call them the unlucky ones.
C **D**
Yes, we could meet, and you could park
G **(Em)** **C**

your car is speeding down the street, so I

D

G

(**Em**)

wont wake the neighbours with the clicking of my feet, yeah.

C **D**

No one really needs to,

G **Em**

No one really needs to,

C **D** **G**

No one really needs to know.

C **D**

No one really needs to,

G **Em**

No one really needs to,

C **D** **G**

No one really needs to know.

and repeat!
