**Am**  
if you don t pull

if you walk home on your own

til another weekend

[verse 1]

**Am** **F**  
I hate this place and all these people

I m sick and dull and full of lager  
Desperate to kiss anyone at all

What s your name?  
**G**  
(What s your name)  
**F**  
I like that name  
**G**

**G**  
(Do you wanna drink)  
**F**  
What s your name again?  
**G**  
I keep forgetting

[verse 2]

when we went out I wasn't happy  
and I stared at all the girls  
and wondered what they looked like naked  
well now the truth is harrowingly clear

[bridge]

I wanna be  
(I wanna be)  
On my satee  
(On my satee)  
With someone who  
(With someone who)  
Won't be leaving without saying goodbye
